25X1

14 January 1959

SUBJECT: Request for Extension of Project Tour

25X1

To : Officer in Charge

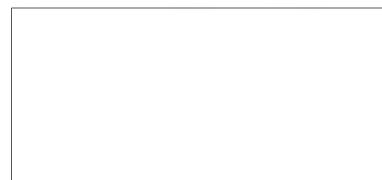

25X1

Request I be allowed to extend my tour of duty with this organization for an additional year. My present tour of four years duration will expire in May of 1959.

I have given this matter considerable thought as to the result this extension would have regarding proficiency in my Air Force Specialty and my ultimate value to my parent service. I feel that, although my present assignment does not entail all the duties I would be required to perform in a "normal" Air Force assignment, it does require a great degree of proficiency in the more important phases of my specialty. I also feel that the varied experience I am gaining from this assignment which has no direct relation to my Air Force Specialty, will someday prove very worth-while to both the Air Force and myself. In order to supplement my current knowledge relating to my Air Force Specialty I have recently applied for an Extension Course Institute correspondence course covering my specialty. I feel that the experience gained in my present assignment along with the additional aid of the above mentioned correspondence course will certainly enable me to maintain my proficiency and that I will be able to return to my parent service at a later date fully qualified in my AFS.

If this extension is approved I hope to enroll in a local Jr. College for night classes and embark on the road to a college education. My wife and I both are very happy in our present location and stability for another year would be extremely beneficial to our future.

My interest in this "Special Project" is deep-rooted and I, along with several others, would like to remain till its completion.
